

A genealogical profile of William Baker

Birth: Nothing is known of William Baker's place or date of birth.

Death: Nothing is known of his place or date of death.

Ship: Unknown

Life in England: Nothing is known of his life in England.

Life in New England: William Baker first appeared in the Plymouth records on February 16, 1632/3. At that time he was hired by Richard Church from the first of March to the end of September. At least part of his work involved squaring and sawing timber. He was one of the Plymouth men sent to Connecticut to live at their trading house, built in 1633. By October 1637, he was living with Natives in the Connecticut area where he had gotten one Native woman pregnant and was living with another. By January, Roger Williams wrote that he "is turned Indian in nakednes and cutting of haire, and after many whoredomes, is there married." The authorities believed he was likely to incite the Natives, and in May 1638, Baker was brought to Hartford and whipped twice. This punishment is the last mention of him.

Family: Baker married a Native woman, probably a Pequot or Mohegan, but nothing further is known.

PLYMOUTH ANCESTORS

Where do I go from here?

Researching your family's history can be a fun, rewarding, and occasionally frustrating project. Start with what you know by collecting information on your immediate family. Then, trace back through parents, grandparents, and beyond. This is a great opportunity to speak to relatives, gather family stories, arrange and identify old family photographs, and document family possessions that have been passed down from earlier generations.

Once you have learned all you can from family members, you will begin to discover other sources. A wide variety of records can help you learn more about the lives of your ancestors. These include birth, marriage, and death records; immigration and naturalization records; land records; census records; probate records and wills; church and cemetery records; newspapers; passenger lists; military records; and much more.

When you use information from any source — an original record, a printed book, or a website — always be careful to document it. If you use a book, you should cite the author or compiler, the full title, publication information and pages used. Also be sure to record the author's sources for the information. If the author's sources aren't provided, you will have to try to find the original source. Many genealogical works contain faulty information, and the Internet also contains many inaccuracies. In order for your work to be accepted — by lineage societies and other genealogists — it must be properly documented.

IMPORTANT GENEALOGICAL RESOURCES

New England Historic Genealogical Society

Founded in 1845, NEHGS is the country's oldest and largest genealogical society. The library contains over 200,000 books, plus significant manuscript and microfilm collections, and a circulating library by mail. NEHGS members receive two periodicals, the *Register* and *New England Ancestors*, and can access valuable genealogical data online.

NEHGS, 101 Newbury St., Boston, MA 02116;
888-296-3447; www.NewEnglandAncestors.org.

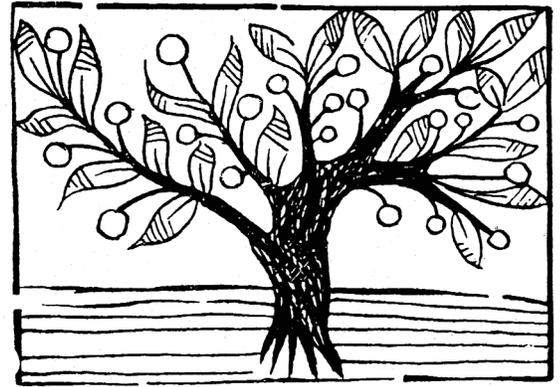

Plimoth Plantation: *Bringing Your History To Life*

As a non-profit, educational organization our mission is: to offer the public powerful experiences of history, built upon thorough research of the Wampanoag and Pilgrim communities. We offer multiple learning opportunities to provide a deeper understanding of the relationship of historical events to modern America. Members have access to our Research Library.

Plimoth Plantation, 137 Warren Avenue, Plymouth, MA 02632;
508-746-1622; www.plimoth.org
